

VOLUME 9, NUMBER 1, MARCH 2009

FROM THE OFFICER'S TENT

We have a very ambitious calendar for the upcoming season and we will be quite busy. Instead of doing Fort Niagara this year Elmira will be our first event and we will also have our regular membership meeting that Saturday night. I was told that we will have plenty of time to do drill that weekend along with the fun of a couple of battles. So please make every effort to attend this event.

Tinker Homestead (August 1 - 2) is not on our list of events but as there isn't anything else going on that weekend, anyone that is interested is more than welcome. The Canadian events are all optional but if anyone is interested let me know and I will give you the information you will need to get your gun across the boarder and back.

Things have slowed down in my business so I may not make every event this season but I will be sure to make the maximum effort ones. Also in this news letter is the event registration form. Please fill it out and return it to Jim ASAP.

We now have 3 Spencers in our company. Zack Sawdey and Chris Nagle just purchased them this winter and are busy making ammo. I had them over here and we went through all the steps and now they are collecting all the equipment and supplies to make a bunch for them selves. This will add quite a bit of fire power to our already powerful ranks this summer. According to the information I have some of the 9th companies were issued Spencers late in the war. Most have sent in their reenlistment forms but for those that haven't it is included in this news letter.

The problems we have had with the members of the 5th are at an end. I have been exchanging friendly e-mails with Tom & Deb and we didn't

have any trouble at the Lincoln's day event. Everyone got along fine. I don't know if Mike is completely out of the picture yet but we can hope.

As of this writing Ben Maryniak is still in the hospital and is in stable condition.

Don't forget we are always recruiting. Please remember to ask you friends and relatives if they would be interested in reenacting. It's always nice to let others in on all the fun we have.

Now would be a good time to check over your equipment and do any repairs or replace any damaged stuff. I have already gotten to work on my coats and leather gear and I am busy making ammo for the season.

See you around the camp fires this summer.

Captain Terry Schultz
